AWS Certified Developer - Infosys Associate Certification

Agile Product Management and Scrum Framework - Scrum Inc.

SEW Product Delivery Methodology

Enterprise Systems - SAP and Oracle

Secure Coding and Vulnerability Assessment (VAPT)

Recommendations

"Divyavrat Jugtawat is a key team member in Cleco project. Divyavrat has scaled himself up really well and picked up the most complex modules i.e. Outage and Usage in Cleco R3 delivery. Divyavrat understood the requirements very well and helped in delivering these complex modules with highest quality. Divyavrat is approachable whenever required and has always stretched his limits to meet the project level objectives & timelines. I strongly feel Divyavrat is an asset for SEW and would like to appreciate him for the efforts, dedication, and hard work that he has put in Cleco project."

- **A. Kaushal, Director of Product Delivery, SEW.ai**

"Divyavrat proved himself to be an exceptionally capable engineer and a reliable technical leader. He did not simply implement features—he shaped architectural decisions and improved development workflows."

- **E. King, Founder CEO, The Venti Group**

"What stood out most was his ability to take full ownership of projects without requiring constant supervision. He reliably translates broad business requirements into complete technical solutions."

- **D. Sussman, Owner & CEO, Know CPR LLC**

Key Projects

[Aplaun OS](#) - Assembly 8086

- Initiated and worked 2yrs to build a new portable OS with Compilers, Games, and Softwares with JIET MTech Dept using 8086 Assembly language.
